- Information you give us on your application form will be verified by federal, state, and local offices including computer cross-matching with other agencies. Someone from our agency may contact other people in order to verify your eligibility for benefits.
- The alien status of household members is subject to verification through the United States Citizenship and Immigration Service (USCIS) and may affect eligibility and benefit amount.
- You will not have to provide immigration status information or documents for any household members who are not eligible because of immigration status and who are not asking for benefits. If a member of your household does not wish to provide information about his/her citizenship or immigration status, he or she will not be eligible for benefits. Other family or household members may still receive benefits, if they are otherwise eligible. You can apply for and get benefits for eligible household members even if your household includes other members who are not eligible because of immigration status.

Why do we need your Social Security Number and are you required to provide it?

- The collection of information requested on the application form, including Social Security Numbers (SSNs) of household members, is voluntary and authorized under the Food and Nutrition Act of 2008, (7 U.S.C. 2011-2036), as amended. Failure to provide required information including SSNs or proof you have applied for an SSN for household members may result in that person's ineligibility for SNAP and cash assistance. You will not have to provide Social Security Numbers for any household members who are not eligible because of immigration status and who are not asking for benefits.
- SSNs are used to:
 - collect information from other sources,
 - check identity of household members,
 - determine whether your household is eligible, and
 - prevent households from getting more benefits than they are entitled to receive.
- SSNs are used in state and federal program reviews, audits, and computer-matching with other agencies such as Louisiana Workforce Commission, Social Security Administration, Internal Revenue Service, etc., through the State Income and Eligibility Verification System.
- Under the Privacy Act of 1974(P.L. 93-579), SSNs may be released for various reasons including those directly connected to the administration of the Child Support Enforcement Program.
